All:

Here is my first cut at a map for potential inclusion in the Tronox next steps. Please review and feel free to suggest changes that may better show our position. This map was done by Melody Lister in house.

Subject: Navajo & Tronox Boundaries (map)

Hi Warren,
I've attached the map showing traditional/Census Bureau/land ownership boundaries for the Navajo, plus the Tronox settlement area and Tronox mine sites. As far as I have determined, the traditional Navajo boundary is the one shown on this map.
Let me know if you would like any changes. Is the title ok?
The pagesize of the pdf is 26"x15", however it will print to 17x11 or 8.5x11 and still look ok.
